ORDER

On February 23, 2015, the Chief Judge appointed John Michael Facciola as a special master in this case (Doc. 334). Later that day, this court issued an order (Doc. 335) describing the procedures that govern the special master's appointment, and requiring the special master to provide the assigned judge with a report on or before May 29, 2015. Today, Special Master Facciola filed a request for an extension of that deadline due to complicated privilege issues that have arisen in the case. Pursuant to this court's February 23, 2015 order (Doc. 335, paragraph 23), the special master's deadline to file his report is hereby extended to July 17, 2015.

IT IS SO ORDERED.
